

Northpointe Pediatrics

Autism Guide

Hilary Cronin, CPNP, Caitlin VanderWindt, CPNP, Jenny Train, CPNP, and Sharon Kraydich, DNP are your Care Managers at Northpointe who will help you navigate this process. They will be in contact with you. You may always reach out to them through the Patient Portal or by calling Northpointe Pediatrics (586) 558-2111. They do not have a direct line but they do have a private voicemail. If you call feel free to leave a detailed message including your child's name, reason for your call and a call back number.

Commercial Insurance:

Step 1: Investigate autism benefits through insurance

- 3 options:
 - a. Contact insurance company yourself and ask to speak to the autism benefit department
 - i. Ask: “*where do I go for a diagnosis for my child*” and “*what services are covered*” (Physical Therapy, Occupational Therapy, Speech Therapy, ABA therapy?)
 - b. Visit website of **Autism Alliance of Michigan**, click the “Contact MiNavigator” tab and complete the form. A navigator will be assigned to you and can perform an insurance investigation on your behalf. They will then give information about approved autism evaluation centers
 - c. Call a local company who can perform an insurance investigation on your behalf and then give you evaluation center options based on their findings
 - i. **Centria Healthcare** (855) 772-8847
Trumpet Behavioral Health (855) 824-5669
Lumen Pediatric Therapy (888) 485-8636

Step 2: Make an appointment for **autism testing** based on insurance requirements

****Your insurance company also has a list of providers that can perform an autism evaluation and take your insurance.**

- Use this document as a starting point, but check on your insurance website or call the number on the back of your insurance card to find a list of providers.
- Often you can find a provider on your insurance website, under the member service tab for “find a doctor” and searching for “autism” in the specialty filter.

Medicaid Insurance:

Step 1A: Request an access manager through your county

- **Macomb County:** Macomb County Access Center (586) 948-0222
- **Wayne County:** Wayne Mental Health Authority (800) 241-4949
- **Oakland County:** Oakland County Health Network (248) 464-6363
 - a. First state that you are “in need of an autism evaluation” which will refer you to an access manager
 - b. A phone screening will occur to determine the need for a further in-depth autism evaluation
 - c. Access manager will assign you to an evaluation center (if you need an in-home evaluation, request at this time)

Step 1B: While you are working with your county’s access center, you can start calling to get on the waitlist for an autism evaluation at the same time. This may help speed up the process of getting an evaluation for your child.

Step 2: If autism is diagnosed, findings will be sent to the state. The state of Michigan will need to approve the diagnosis (this may take several weeks)

Step 3: Once the state approves, you will be referred to an ABA therapy provider who takes Medicaid insurance (some will provide in-home ABA if needed)
